Hello Brian,

I've had a chance to talk with my program manager about dates for a site visit to Grand Coulee dam. October 4 & 5 look to be good dates for us (need one more check next week to confirm, but looks good now). We will be driving over. Do you have recommendations on hotels? Should we stay at GC or Coulee City or other place? Any suggestions would be helpful.

Hello Dru-

I wanted to follow up with you regarding a visit to Grand Coulee this fall. We are working with RiverKeeper on a broad settlement agreement, but want to move forward with EPA on the NPDES permitting process.

I spoke to our folks at Grand Coulee and some potential dates they provided are September 7, October 4, and October 5. Might one of those days work for you and whomever else at EPA would like to join us?

Give me a call if you have any questions. I hope you're having a great week.

Sincerely,
